SMOSKIN (Pty) Ltd

| Smoskin (Pty) Ltd was officially registered in 2010 to manufacture body cream and lotions in Namibia. Today Smoskin (Pty) Ltd is a member of the Namibia Manufacturers Association. | 5 |
|--|-----|
| "Starting a company is not a one day task" said Lucy, the Managing Director. "It requires a compilation of documents and a sound business mind. Finance and lack of reliable suppliers were our key challenges." | 4.0 |
| Despite all of those challenges Smoskin (Pty) Ltd currently supplies leading retailers in the country. | 10 |
| In order to increase its operational capacity, Smoskin (Pty) Ltd invested in new modern packaging equipment and a new efficient printing machine. | 15 |
| Smoskin (Pty) Ltd has been trying very hard to increase staff morale and the Board of Directors agreed to the union proposal to provide a platform for workers' opinions. This has resulted in workers being given the opportunity to serve as Workers' Director and on the Works Council. In addition, communication networks will be restructured to have effective communication in the business. | 20 |
| The Marketing manager recently commented that: "In order to remain competitive after operating for six years, it is essential for us to continuously improve our products to satisfy market needs". | 25 |
| Smoskin (Pty) Ltd has announced its intention to expand its activities with a new range of hair shampoos and conditioners to maximise profits. The business also wants to recruit more employees and train them. | 30 |
| "Opportunities exist to export our products to surrounding African countries to grow the market internationally. We are adding value to the Namibian economy by purchasing local raw materials. Discussions are underway with relevant stakeholders to explore the overseas' market," said Lucy. | 35 |
